

## **Modifications to the Project Planning Grid from the July 2024 Steering Committee Meeting Summary**

### All:

Removed the 2024 row and adjusted all projects accordingly.

### South Atlantic Assessment Modifications:

- Snowy Grouper, Vermillion, Black Sea Bass and South Atlantic King Mackerel block color was changed from blue to yellow.
- Atlantic Migratory Cobia block was changed from green to orange and extended into 2027 to reflect the project delay because of personnel changes.
- Blueline Tilefish block was extended into 2025 to reflect the project schedule extension because of the topical working group additions.
- Dolphin MP RW block was changed to Dolphin MSE review and moved to 2026 to reflect the delay in the project schedule.

### Gulf of Mexico Assessment Modifications:

- An additional column (6) was added to the Gulf section to reflect the 6 analysts designated to the Gulf team.
- The S87 blocks are now 5 & 6, rather than 2 & 5.
- 
- King Mackerel and Gray Triggerfish were changed from orange to green to reflect that the project schedule and ToRs have been approved, and the projects are now underway.
- Gray Triggerfish block was expanded to match the approved project schedule.
- Tilefish and Gray Snapper blocks were changed from blue to yellow.

### Caribbean Assessment Modifications:

- Yellowtail Snapper and Stoplight Parrotfish block was extended into 2025 to reflect the postponed review workshop
- Hogfish and Red Hind block was moved to end of 2025 to reflect that project schedule has yet to be finalized.

### HMS Assessment Modifications:

- Hammerhead Shark block was extended into 2025 to reflect that the report is still incomplete.
- Sandbar Sharks and Bull Sharks were separated into different blocks to reflect the different start times of the assessments.

### FL FWCC Assessment Modifications:

- Yellowtail Snapper OA block was extended into 2025 to reflect the report is still in progress.
- Black Grouper MSE block was changed from green to orange and moved to the end of 2025 to reflect that project schedule has yet to be finalized

### Commission Assessment Modifications:

- GSMFC Menhaden block was changed from blue to yellow
