

Modifications to the Project Planning Grid from the February 2023 Steering Committee Meeting

Project Grid Updates

- Removed the analyst in training column for the South Atlantic per feedback from the SEFSC.
- Removed the year 2022 and the associated assessments.
- SEDAR numbers were added.
- Some projects in individual corporator sections changed columns to allow for more accurate depiction of approved schedules.
- The Caribbean and FLFWC columns were widened, and the CMP column was narrowed to account for multiple assessments occurring simultaneously.

South Atlantic Assessment Modifications:

- Tilefish and Golden Tilefish OAs were extended to reflect the approved schedules.
- Grey Triggerfish OA was shortened to reflect the estimated schedule.
- Vermilion OA was moved later in the column to adjust for the estimated end time of Red Snapper OA.
- Snowy Grouper, Cobia and Porgy, and Red Snapper OAs were moved later in the column to adjust for timing.

Gulf of Mexico Assessment Modifications:

- Spanish Mackerel and Yellow edge grouper OAs were extended to reflect the current schedule.
- Shrimp OA was changed to orange to reflect that it was added to the SEFSC calendar.
- Grey Triggerfish OA was moved to later in the schedule to allow for approval of documents between the RT and the follow up OA.

Caribbean Assessment Modifications:

- Yellowtail, Hogfish, and Spiny Lobster were narrowed to show the overlap of the approved schedules
- Yellowtail was extended to reflect the approved schedule.
- Hogfish and Queen snapper was moved earlier to reflect the estimated schedule.

HMS Assessment Modifications:

- Space was added between the Hammerhead Sharks RT and Hammerhead Sharks OA to allow time for approval of documents between the RT and the follow up OA.

FL FWCC Assessment Modifications:

- Mutton Snapper, Hogfish, and Black grouper were narrowed to illustrate the assessment overlap of the expected schedules.
- Black Grouper was changed to yellow to indicate that it needs to be approved during the Spring 2023 Steering committee meeting.

Commission Assessment Modifications:

- No changes were made.

CMP Assessment Modifications:

- No changes were made.
